Life Casting DVD Videos by **ARTMOLDS**

How To Create An Artistic Face Casting

In Volume 1, Ed McCormick, ALI teaches you how to create the perfect face cast using two 9-year olds, demonstrating that even youngsters can make great models. You will learn how to apply the materials to create a safe mold and a casting. McCormick demonstrates the newest techniques and materials in life casting. Life casting is an ancient art dating back 3,500 years. Now you can create memorable sculptures of faces.

Casting The Female Torso

David Parvin, ALI shows how to *Create the Female Torso* with both the nude and clothed figure. He then demonstrates how to create an outstanding faux bronze finish. He lists all the materials you need and then instructs the viewer on a number of traditional and advanced molding and casting techniques. You can create beautiful wall hangings in forensic detail.
